President's Message — DR Rawson

Hello enthusiasts and members of our club,. Here it is November and the holidays are nearly upon us.

Let's Go To Uncle Phil's Cadillac Collection on Saturday December 2. 10-12. Please see calendar for more information.

You **Are Invited 12/7** Margaret and I are decorating and will be done by November 30th or sooner. We're looking forward to hosting those of you that want to see our Christmas decorations on December 7, 6-8 p. Please R.S.V.P. with an email to DR@LasVegasCLC.com or call Margaret or me at 702-701-0378. This year, we've added even more decorations and of course no two years ever look alike. We hope you'll join us. See calendar for more details.

LVCLC Holiday Party: Our annual party is on **December 10** at the **Suncoast Hotel**. Reservations are required no later than November 22nd. There will be a no host bar that will open at 5 pm and the dinner will end at 8:30 pm. We would like to encourage you to bring a new unwrapped toy to our annual Christmas party. The toys will be donated to Toys 4 Tots (U.S. Marine Corps). Each toy will also entitle you to a very nice seat at the sold out show put on by LJ Harness and sponsored by Findlay. Look for further details on our website (www.LasVegasCLC.com).

Toy Run On December 16 is our annual toy run with the Las Vegas Cruising Association AND Santa. We'll donate about \$800 in bicycles with our sponsor and Findlay Cadillac will be splitting the cost with us. The bicycles will be given to the Robert Taylor School students in need. The smiles are worth the trip AND they feed us for FREE.

It's Almost 2018 This year has been very interesting. As a club we've done a lot of things. We increased our numbers with people that seem sincere about participating with us. This last show, Cadillacs under The Stars (CTS) that was orchestrated by Gary and Carolyn Weaver was another huge success for the club. Next year will be even better.

I want to personally thank all of the members that participate in front of and behind the scenes. You're the group that makes the club work. The nice thing is that "the group" is getting much larger. We can already see the benefits of having more members.

No December Meeting . We'll see you all in January!

Thank you all for allowing me to be your club President. This year has been fun. I'm confident that next year will be even better.

Happy Holidays.

Welcome 2018

What's New for 2018 at LVCLC

By DR Rawson

We've instituted a new **Calendar** system on our website (LasVegasCLC.com). It's better, more accurate and gives more information. If you're ever in doubt, double click on any activity and you'll get even more information.

2018 Cadillac Car Shows! Last year at **Cadillac Through The Years** We were fortunate to have 50 or so cars participating. We had a few more at CTS. This year (CTTY—Save the Date—Sunday April 29, 2018) we'd like to see some additional cars show up. Here's what we're hoping to accomplish. We'll contact all of those collectors that are not members as well as some formal collections and ask them to participate. 2018 will see the end to a couple of big collections. It's important that we get these cars out so that the public can see them. It's our hope to have some really unusual classic Cadillacs that many people haven't seen. This coming year has a lot of promise. All we need is you.

Please feel free to ask for an assignment to insure our club is fun and important to us all.

CT6: Cadillac's biggest sedan will be the vehicle on which the company introduces its Super Cruise semiautonomous driving system late this year.

Escalade/ESV: Cadillac's own Brutus Beefcake is updated with a **10-speed transmission**.

XTS: The traditional luxury sedan of the Caddy lineup gets a facelift. Revised fenders, fascias, and grille plus new LED headlights make the look more like the CT6. The company fiddled with the chassis to provide a more comfortable ride. Not enough improvement for you? Well Cadillac says it also added sound-deadening material to quiet the cabin, and made adjustments to what it calls "seat-foam geometry." Some updated interior trimmings and the newest version of Cadillac's infotainment system round out the changes.
