Regional Director's Letter, Summer 2014

Since the last issue of our newsletter your Region has been very busy. But before I run down the last few months, I want to share the sad news of the passing of our friend and region member **John Tembeck**. John regularly attended our events, he told some great stories, and his mental and physical strength was an inspiration to me. John recently arranged the tour of John Corey's Rolls Royce Collection in Ft. Lee. Although I did not make the trip to NJ I heard only rave reviews of the day.

I did take advantage of Frank Mirra's hospitality the next weekend, (as did John) when he opened his Newburgh, NY home to the club on May 18th! Thanks Frank. If you have not been to Frank's garage, or seen his art collection, or his die casts, I recommend making an appointment with him, I am sure he would be glad to show you around. Frank also does not mind having a bunch of old Cadillacs parked in his driveway like he did that Sunday!

On June 14th, Flag Day, we took to the road to show our American Pride by driving our Cadillacs (and one Volvo) from Tony and George Huse's shop in New Milford to Big Al's Toy Box in Gaylordsville. Our cars were adorned with American flags, and members were all offered USA Flag pins. Thanks go to George and Toni for supplying flags and flag pins, plus a wonderful continental breakfast. As our group traveled from shop to shop, and then on to lunch afterwards, I was gladdened to see our club enjoying the social opportunity as much as they enjoyed looking at the cars. We only get to see other club friends a few times a year so all these events are special.

A few notes from the day: "Get Well" to the Caso family, we look forward to seeing you all at our next event. Congrats to Chic and Judy Smedes on their "new" Fleetwood Brougham. Gotta love a carriage top with a sun-roof!! And condolences to the Tembeck family.

Speaking of events, I must rearrange the calendar once

again (apologies to webmaster Alyda):

IMPORTANT NOTES BELOW:

- 1) If you are showing a car bring a fire extinguisher.

We will try and drive in together. Details to follow

Sunday, July 26th Garage tour – postponed

Welcome new member:

One last thing: The Cadillac and LaSalle Club Museum and Research Center building at The Gilmore is nearly complete! If you have been holding off on making a donation until you can actually see the building then now is the time! Any amount is appreciated.
